

A New Health Promotion Seminar Series **Implantable Cardiac Devices: Overview**

The Health Promotion Seminar Series is a collaborative effort between the Community Health Nurses' Initiatives Group (CHNIG) and the de Souza Institute. The seminars offer an opportunity for professional development to nurses working in all domains of practice: community or acute care.

SEMINAR OBJECTIVES:

- Provide an overview of the functions of implantable cardioverter defibrillators (ICD) and cardiac resynchronization therapy (CRT)
- What populations receive these devices and why
- Practical Tips for Caring for patients with ICD and CRT devices
- End of Life Planning

PRESENTER:

Betsy Berry is a RN who holds a Bachelor's degree in Health Administration from Ryerson University. She has worked as a Cardiovascular Perfusionist at the hospital for Sick Children in Toronto, and for St Jude Medical specializing in implantable cardiac devices. Betsy currently works for the Cardiac Care Network of Ontario and has been in the role for 6 years as the clinical lead for cardiac surgery, arrhythmia and TAVI.
